

Educate. Empower. Act.

**It's Finally Here!!**

## Project WET Curriculum and Activity Guide 2.0

The Arizona Project WET team is excited to be a part of the nationwide rollout of the new **Project WET Curriculum and Activity Guide 2.0**. With its emphasis on engaged learning that leads to solutions for local water issues, Guide 2.0 has something for educators at all grade levels and across all subject areas. Both formal and informal educators will receive practical training that will enable them to teach about water through interactive, science-based activities that are fully correlated with Arizona and national standards.

Please register at: [http://cals.arizona.edu/arizonawet/workshops/current\\_workshops.html](http://cals.arizona.edu/arizonawet/workshops/current_workshops.html)  
For the 8-hour professional development (pd) workshop you will receive a copy of Guide 2.0 and a certificate for 8-hours pd credit. You will also receive access to the Arizona Project WET **Teacher Support Center** and the interactive **Project WET Portal**, where you can collaborate with other educators, find additional resources, search for activities appropriate for every grade and subject and access student copy pages.

**Workshop Date:**

**Saturday, February 18, 2012**

**8:00 a.m.—4:30 p.m.**

**Location:**

**U of A Cooperative Extension,  
Maricopa County  
4341 E. Broadway Road  
Phoenix, AZ 85040**
