

## Conservation Tillage Field Day and Meeting

**Thursday May 20, 2004**

**Field Day: 7:00-10:00 AM** The on-site demonstration will be located on the **Thorn Canal, Gate 21 (.25 mi. east of Forrester & Cady Roads intersection).**

Several companies including Tillage International Inc., Tilliso, Wilcox Agri-Products, and Dave Koenig Enterprises Inc. will be operating one-pass tillage equipment. Planting equipment from the Central Valley will be available for inspection. Opportunities will be available for you to arrange for demonstrations on your own farm. The machinery will be in the Valley for a week or more.

**Meeting: 11:00 AM, Elks Lodge, 161 S Plaza Brawley, CA**

- **Concepts, Implementation, and U C Research Involving Conservation Tillage.** Jeff Mitchell, Department of Vegetable Crops and Weed Science, Chairman of UC Conservation Tillage Workgroup.
- **The EQIP (Environmental Quality Incentives Program) Application and Qualification Process.** Robert Fry, NRCS State Agronomist

Lunch will follow the one-hour of formal presentations. Please join us for the latest information on conservation tillage. Jordan-Central Implement, RDO, Empire Machinery and Torrence Farm Implements will sponsor the meeting and lunch. RSVP for lunch at 760-352-9474 would be greatly appreciated

See you there!

Herman Meister  
Agronomy Advisor
