

I Can't Buy a Whole!

But I'd Like to Buy a 1/2

Some buyers don't have room in their freezer for a whole Steer, Lamb or Pig, or don't have the budget for a whole animal at once....!!

We have developed a special program to help pair up buyers who would like to split a purchase.

Group Buying is a way to make it easier for persons who do not wish to pay the entire price of an animal to buy part of an animal. Two or more persons get together beforehand and agree to a price limit and select the person who will be doing the bidding. You have to remember that if four people are in your group, the price of the animal, and the finished, wrapped meat, is also divided by four.

Example: You and four (4) friends get together to buy a steer. You decide that \$1.90 is going to be your top bid. You bid on a 1,000 lb steer and win the bidding, total price of the steer is \$1,900.00. This cost is divided 4 ways, this means each person has to come up with \$475.00 for their part of the steer and split the processing costs. The meat will be split 4 way when it is returned.

YesI'd like to Buy Part of an animal...

Help me find a "Partner" to buy the other part.
