

Attention All Transfer of Property Inspectors of Onsite Wastewater Treatment Systems

Did you know that you are now required to attend an ADEQ-approved course before initiating the real estate inspection? If you have not attended a course, you should consider attending the University of Arizona sponsored NAWT Inspection Training & Certification course approved by ADEQ.

Your successful completion of the 2-day course and certification test will result in your name being listed as a certified inspector with both NAWT and ADEQ. This list is posted on the NAWT website (www.nawt.org) and is visited by property owners and Realtors engaged in the Arizona Transfer Inspection Program under AAC R18-9-A316. This course is a pre-requisite for both the Arizona Soil & Site Evaluation for Onsite Wastewater Treatment Systems and Introduction to Design of Onsite Wastewater Treatment Workshops.
