I wish to enroll in the Master Watershed Steward Training Program offered by the University of Arizona Cooperative Extension. I understand that I will become an Associate Watershed Steward when I complete the required number of core classes and required evaluations. Before I begin volunteering under the auspices of the Master Watershed Steward Program, I will allow the University of Arizona to conduct a background check. After I have been approved as a University of Arizona certified volunteer, I will work toward becoming a Master Watershed Steward by completing 40 service hours and submitting quarterly time records of my activities.
